

QUICK-FIT

THE WORLD'S FASTEST DUCTING

Complete More Installations

- **Very Fast Delivery**
Most jobs ship directly to your site in under 4 days. Individual parts can often ship in one day - with no expedite fees.
- **Easy to Install**
Lower skilled workers can install Quick-Fit. It can also be installed using manlifts, rather than large expensive cranes.
- **Local Dealer Support**
Our dealers can provide design and layout assistance.
- **Available in Galvanized, Aluminum and Stainless**
- **Faster Installations**
Installs in 30% less time than traditional ducting and 30% less labor is required.
- **Superior & Re-useable**
Laser-welded seams are leak-tight and smooth. Re-usuable, easy to modify and easy to move as your needs change.
- **Easy to Clean out**
Overfill conditions can be easily and quickly corrected. Sections can be easily removed, cleaned out, then replaced - without tools
- **Adaptable to Existing Ductwork**

QUICK-FIT

- Larger custom sizes and special adapters
- Blast Gates, Diverter Valves, Hoods, Manifolds
- Galvanized, aluminum, stainless or stainless+

QUICK-FIT

***Provide YOUR CUSTOMERS with
the New Standard for Industrial Round Duct Applications***

Nordfab's Quick-Fit (Q-F) clamp-together ducting eliminates rivets, screws, welds and other time-consuming and costly joining methods. Thanks to the patented Quick-Fit design, straight pipes, elbows, branches and other custom pieces snap together in seconds. And they can be taken apart and reconfigured without tools.

- **Not Only Fast & Easy - But Right**

Due to a large skilled workforce and production automation, Nordfab can guarantee high quality and quick delivery on each piece. Each part in your order will have the same high-quality and professional finish.

- **All Parts Available**

Nordfab can fabricate any part needed, or you can have your own skilled workers fabricate custom items and use Quick-Fit for fast delivery and easy-to-install straight pipe, elbows and branches.

- **Keep Customers Loyal**

Customers who use Quick-Fit continue to use it on future dust collection applications. Manufacturers like the professional finish, ease of cleaning and the ability to reconfigure systems. You will like the speed and profit.

- **Competitive Pricing**

Heavy automation and large volumes make Quick-Fit much less expensive than you might think. With the labor saved on installation, the installed cost is significantly cheaper than traditional ducting. Call today for a free estimate.
