Compliance / Rating of Product Components		
Product	Material	Compliance / Rating
Tabular Rivet Adapter	Galvanised	DX51D with Z275 Coating
Joka Seal Metal Sealant 2315	Acetone blend	AAMA Specification 801.1

Temperature Rating of Product Components		
° C	Tabular Rivet Adapter	Sealants
200°	Galvanised Steel	
121°		Joka Seal Metal Sealant 2315
-20°		

**Additional Notes**

At temperatures ranging between 200° C and 250° C, the zinc-iron alloy layers in galvanised steel will continue to provide a high level of protection from corrosion. However, there may be some peeling, changes in mechanical properties, and reduction in the corrosion protection. Recommended max. service temperature is 200° C.
